JOHANNA YEE

New York, NY **yeejohanna@gmail.com** **510.301.5411**

Product design strategist with 8 years turning ambiguous problems into research-backed products. Took a fertility product from concept to MVP, growing content conversion 350%. Skilled at synthesizing research and data into clear direction for executives; hands-on with Figma and AI prototyping tools.

EXPERIENCE

Beghou Consulting - Experience Strategy Team **2026 - present**
Senior Experience Consultant | Feb 2026

- Advise pharma clients on data and AI strategy, applying product, design, and research expertise across commercial, brand, and technology teams
- Led discovery across three brands for a global pharma client's AI go-to-market program, distilling cross-functional input into four priority areas for leadership
- Mapped a client's end-to-end data ecosystem from multi-team stakeholder interviews
- Presented directly to senior client stakeholders and led live working sessions, while mentoring a junior consultant and coordinating parallel workstreams

Anomaly NY - Digital Transformation Team **2018 - 2026**
Senior Experience Architect | Oct 2022- Jan 2026
Experience Architect | May 2020- Oct 2022
Junior Experience Design Strategist | Aug 2018 - May 2020

- Led end-to-end product design from discovery through prototyping, partnering with cross-functional teams to turn user and business needs into digital experiences
- Developed 100+ concepts, defining flows, design systems, and content structures
- Conducted ecosystem and journey mapping to identify product opportunities and inform content delivery, personalization, and platform strategy
- Built standardized discovery frameworks, cutting time to insights by 20% and improving consistency across engagements

Co-Chair of Cha Collective, AAPI Anomaly ERG | 2021-2026

- Designed and executed yearly programming to build community, drive DE&I awareness, and increase agency participation

CASE STUDIES

Obie Health - Reproductive Health Product (MVP Launch)

- Led product design from concept to MVP for a personalized fertility experience, then drove post-launch testing and analytics that increased content conversion by 350%.

Abbott MyFreeStyle - Diabetes Management & Patient Engagement

- Turned a 14-day trial into a full membership experience, mapping user journeys and activation strategies to drive long-term engagement and retention.

Additional Clients: Ally, Google, Expedia, Uber, Albertsons, WeightWatchers, Microsoft, TIAA
